

## PUBLIC NOTICE

## PUBLIC MEETINGS

*Commission du conseil municipal sur les services aux citoyens*

### ***Communications between the city and its youth Information, services and citizen participation***

In collaboration with the *Conseil jeunesse de Montréal*, the committee on services to citizens invites young persons aged 12 to 30 to participate in a public consultation on the topic of communications. Are young people in communication with the city? What concerns them, as young citizens? Do they have access to the information and services that interest them? Do they have the means to express their point of view?

Young citizens will have the opportunity to be heard by participating in either one of the public meetings scheduled to be held in September and October. The committee will welcome all comments, suggestions and recommendations submitted by young persons on the topic being studied.
