

ERRATUM

Please note that an error appeared in the public notice published in this newspaper on January 31, 2022, relating to the assessment of the conformity of by-laws 04-047-236, 04-047-216 and 20-052 with the Montréal urban agglomeration land use and development plan. The public notice in this newspaper indicated that the deadline for submitting a request to the Commission municipale was March 2, 2022.

However, because the public notice relating to the matter was published in a French-language newspaper (Le Devoir) on February 2, 2022, the deadline for submitting a request to the Commission municipale du Québec is extended to March 4, 2022.
