

Draft by-law on electoral districts Notice to Montréal's electors

Object of by-law

At its meeting of March 18, 2024, city council adopted by resolution the draft by-law titled *Règlement sur les districts électoraux* (by-law on electoral districts).

This draft by-law announces the city's intention to establish the boundaries of its 58 electoral districts to ensure a balanced distribution of electors and to comply with the Act respecting elections and referendums in municipalities (CQLR, chapter E-2.2).

This draft by-law concerns the geographic limits of the electoral districts. Its scope and intention do not therefore affect governance, the electoral framework or the way the population is represented in the city's boroughs and bodies.
