A paragonovernmental organization and agent of the Société d'habitation du Québec and of the city of Montréal, the OMHM has the mission to improve living conditions for low- or moderate-income persons or families by providing them with quality subsidized dwellings and by promoting their power to influence and take action in their community. The OMHM manages a housing stock, as well as various programs which secure housing for nearly 50 000 tenants on the territory of the urban agglomeration of Montréal.

The public study will inform citizens of the direction, the objectives and the targets of the strategic plan of the OMHM and of the proposed course of action to carry it out.
